

GHAZALI SULIEMAN

Senior Software Engineer | IT Manager | Digital Transformation & AI Solutions

+966 55 645 3496 • suliemanghassan@gmail.com • ghazalidev.com • Makkah, Saudi Arabia

PROFESSIONAL SUMMARY

Senior Software Engineer and IT leader with 8+ years of experience across backend and full-stack development, digital transformation, IT operations, infrastructure, and business systems. Proven ability to build scalable Laravel/PHP solutions, workflow platforms, APIs, dashboards, and internal systems while aligning technology with operational goals. Hands-on with AI-assisted development, prompt engineering, automation, troubleshooting, and cross-functional delivery.

PROFESSIONAL EXPERIENCE

Software Engineer & Full-Stack Developer

Al Manazil Al Raqiah Real Estate Company

2026 – Present | Makkah, Saudi Arabia

- Engineered the Saqr real-estate platform using Laravel, MySQL, Vite, and Tailwind for administrators, agents, and clients.
- Built 7+ core modules including booking, guest leads, notifications, reporting, authentication, and dashboard workflows.
- Translated business requirements into secure database schemas, role-based access controls, and production-ready features.
- Accelerated debugging, prototyping, and implementation planning through AI-assisted development workflows.

Software Engineer

Al-Furqan Makkiah Company

2026 | Makkah, Saudi Arabia

- Implemented digital workflow solutions for Hajj operations covering quality documentation, circulars, evidence submission, task closure, and reporting.
- Partnered with operational stakeholders to convert manual processes into traceable software workflows across 5 key process areas.
- Delivered fast issue resolution, feature adjustments, and technical coordination in a time-sensitive seasonal environment.

IT & Human Resources Manager

Pet Planet Veterinary Clinic

2025 | Khamis Mushait, Saudi Arabia

- Directed IT and HR operations spanning systems administration, user support, attendance, policies, scheduling, and daily coordination.
- Administered clinic technology services, network/devices, website and digital accounts, email/DNS, and payment-service integrations including Tabby and Moyasar.
- Standardized onboarding, offboarding, employee records, and overtime controls while maintaining reliable technical operations.

Director of Information Technology

Ashrni Consulting Company

02/2022 – 2024 | Saudi Arabia

- Led the IT department and aligned infrastructure, systems, and software delivery with business goals.
- Oversaw hosting migration, DNS and email administration, security, internal systems, and application delivery while maintaining service continuity.
- Supervised IT operations and supported process improvement, reporting, and digital coordination across the organization.
